

Unichip

unichip.com.au/p-ford

Ford

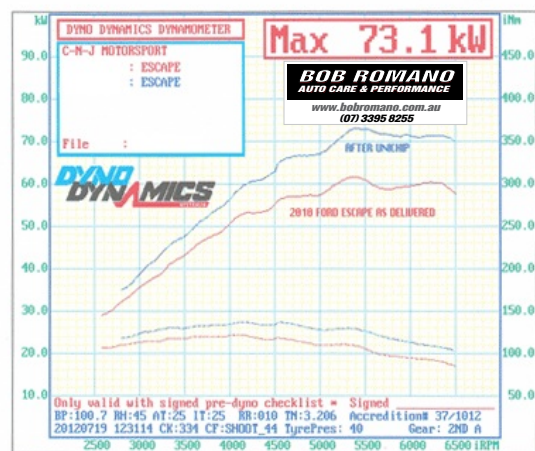

2010 Ford Escape

An impressive 19% power increase from 61rwk to 73.1 rwkw out of the 2.5lt 4cyl petrol Ford, There is also equal gains in torque from 105nm to 125 nm torque at 2600rpm.

The Unichip still remains to be the most cost effective way to get more power and torque whilst saving fuel in your vehicle.
